Correction to: BMC Public Health 19, 1750 (2019)
<https://doi.org/10.1186/s12889-019-8085-2>

It was highlighted that the original article [1] contained an error in rates in the section “Annualised minimum incidence rate of paediatric iGAS disease”. This Correction article shows the incorrect and correct sentence. The authors would like to apologize to the readers for the inconvenience. The original article has been updated.

Incorrect

The mean annualised minimum incidence rate for ATSI children (<18 years old) across the study period was 6.7 (95% CI: 4.0–11.1)/100,000, 4.1-fold higher than for all children (1.6, 95% CI: 1.1–2.3/100,000).

Correct

The mean annualised minimum incidence rate for ATSI children (<18 years old) across the study period was 3.4 (95% CI: 2.1–5.7)/100,000, 2.1-fold higher than for all children (1.6, 95% CI: 1.1–2.3/100,000).
